

CBHS Stars Intensive 2017 : Science credit

June 26th , 27th , 28th (2:00 pm-8:00 pm), June 29th (8:00 am- 6:00 pm), & June 30th 8:00 am-12:00 pm.

Cost: \$100 full pay lunch/\$50 reduced lunch/\$25 free lunch

Return to Ms. Loughlin 3rd Floor India/ room 315 with payment to have your space reserved for this intensive. Space is limited of 20 students.

This is a weeklong intensive focused on understanding the stellar objects (stars, galaxies, black holes, etc). It is a lab and fieldbased course where you will do experiments and engage with astronomers. Fieldwork includes a visit to the Southworth Planetarium at USM as well as a visit to MIT's Haystack Radio Observatory in Groton, Massachusetts You will need to bring your own lunch/dinner.
(0.67 credit)

The class size is limited, so if interested please respond ASAP to Ms Loughlin.
