

# How do we prevent incidents of bias, discrimination, and hate crime?

## We need your voice!

Please join educators, students, parents and other community members and leaders for a dialogue on how to address incidents of bias in our schools and community.

Our goal is to engage with the larger Portland community to promote a deeper understanding of how to deal with past incidents and prevent them from happening in the future.

As part of our kick off for our *Arc Towards Justice* expedition, Casco Bay High School sophomores invite **you** to participate in small group sessions with them to help our community better understand the recent rise in discrimination and hate crimes taking place across the nation and in our community, consider different ways of making a difference, and plan how we might take action.

We hope to have 30-40 adult participants that represent our diverse community to discuss what our concerns are and what we can do about them. Lunch and babysitting will be provided.

## A Community Dialogue: Addressing Incidents of Bias in our Schools and Community
